Refrigeration

Dave Schaefer

Homepage Editor

Gordy Jacobs

Other BOG

Steve Marthaler

David Carter

Matt Veriha

Tina Brueckner

***Note; You do not need to be a BOG member to participate as a chapter committee chair

President's Message

Last month's CRC meeting held on April 14, 15 and 16 in Green Bay was a success! Thank you to all who attended the event. We had a nice turnout for the seminar and received positive feedback from NE Wisconsin chapter attendees and attendees from other chapters.

I would like to give a special thank you to all of our sponsors listed on the next page who helped make the event possible. I would also like to thank all of the volunteers who helped staff the registration booth during the conference. Also, thank you to our chapter Board of Governors and our CRC Chairman Steve Marthaler for all of their time and effort in planning the event. Lastly, thank you to all of our speakers who presented during our technical track seminars.

The NE Wisconsin Chapter website is being continually updated and contains important information about our chapter.
<http://www.newwisconsinashrae.org/>

Our next and final event for the year is our May golf outing which will be held Wednesday May 25th at Royal St. Patrick's in Wrightstown. Dave Carter has graciously accepted the task of spearheading the outing. There will be information regarding the golf outing and hole sponsorship attached in the e-mail with this May newsletter. Please RSVP to Dave Carter.

Sincerely,

John Schuh
President, NE W ASHRAE Chapter

May Meeting – Golf Outing

May Meeting:

Social Event - Golf Outing

Presenter:

Date: *Wed May 25th, 2011*

Time: tbd

Location: *Royal St. Patrick's*
201 Royal Saint Pats Dr
Wrightstown, WI 54180

RSVP REQUIRED:

Please RSVP to Dave Carter to attend.
Email: David.Carter@tweetgarot.com

Royal St. Patrick's Golf Outing

The purpose of the golf outing is to have fun! It is intended to be a social event but our chapter also uses the funds to support ASHRAE Research Promotion. Please sponsor a hole if you can and help our chapter support ASHRAE research.

American Society of Heating, Refrigerating, and Air Conditioning Engineers, Inc.

Thank you to our CRC sponsors!!!

Hurckman Mechanical Industries, Inc.

Extra Point Level (\$100 or above)

Become an ASHRAE volunteer

Volunteering within ASHRAE provides you with a single resource for keeping up with technical advances in the industry. By volunteering, you gain direct access to new technology, technical information available that is universally recognized as authoritative and reliable and you influence the direction of HVAC&R technology.

Volunteering also provides unique opportunities to develop communication, management and leadership skills. Because ASHRAE is a volunteer-driven organization, you cannot turn to a better source for human resource development. ASHRAE offers countless opportunities for developing potential through volunteer work on a committee or at the chapter level. Benefits of volunteering include:

- Strengthening leadership skills
- Improving technical skills and the ability to work on technical issues
- Networking
- Accessibility to resources
- Self-development and sharing of ideas

How strong is the ASHRAE volunteer network? ASHRAE has a membership of some 50,000 people from 137 countries around the world. Of those members, approximately 7,500 are active volunteers. About 2,500 Society-level volunteers serve on the Board of Directors, councils, standing committees, technical committees, standard project committees, etc., and an additional 5,000 or so serve in the regional and chapter structures. Assuming (conservatively) that each volunteer contributes an average of two hours a week, that would be 100 hours a year. Then, of course, 100 hours a year times the 7,500 volunteers gives us 750,000 person hours a year volunteer time. At a time value of \$100 per hour, that's an annual value of \$75 million.

Clearly, ASHRAE depends on its volunteers for its continued success in advancing HVAC&R to serve humanity and promote a sustainable world.

Volunteer for your Chapter

With more than [170 chapters](#) around the world, volunteering at the chapter level is one of the easiest ways to take part in ASHRAE. Volunteering at the chapter level helps you develop a better understanding of how the Society functions and how to receive the most benefit from your membership while contributing to the growth of ASHRAE. For more information on how to volunteer at the chapter level, contact Steve Marthaler at 920-739-6885, or any Chapter Officer.
